

# FAMILY PORTRAITS ON THE BEACH 2018!

We meet under the Hermosa Beach Pier at your appointed time. You will check in and self-address an envelope which we will use to mail you your proofs.

Your photo session will last about 15 minutes, We will take both whole family and the kids together... whatever you want! Extended family welcome too! This is your session; let your photographer know what you want to get out of it! We keep it relaxed and fun.

We have been doing this fund-raiser for the Hermosa/Valley View school district for over twenty years now. It's tons of fun for us, and for the families who have been coming down for this shoot for years. You will receive proofs within two weeks after the shoot from which you can pick which image you would like to make your 8x10 color print that is included in the donation price. We also return the proofs to you after we fill your order. **You are under no obligation to order extra prints or packages**, but we do include an order form should you decide you want them. We also make the digital files available for purchase. Our prices are very reasonable; we haven't raised them in years.

Please call me directly if you want to; I'd love to talk with you and answer any questions!

Hope @ Lauder Photography (818) 223-8869
